

Our First Responders: Giving Levels

Supported by local companies, organizations and community members, the North Kansas City Schools Education Foundation relies on these generous contributions to enhance educational opportunities for 21,000 students and 3,500 staff members.

There are many ways to give, and all gifts are fully tax deductible. Select the option that speaks to you and take pride in knowing your investment will benefit ***Our First Responders***, as they continue to teach and inspire future generations, all while facing a new set of challenges posed by the pandemic. Your contribution ensures they will receive a much-needed thank-you for their extraordinary efforts since March 2020, when COVID-19 dramatically changed teaching and learning.

Supporters (Donations up to \$500)
